# 2012 Workshop Leadership & Global Citizenship

To celebrate our 21st year we are launching a dynamic Leadership and Global Citizenship Program. The goal of this workshop is to develop and nurture the talent in young adults, getting them actively involved in tackling global issues like poverty. We believe that young people play a vital role in combating poverty, becoming inspirational leaders and global citizens. This groundbreaking workshop will be facilitated by highly qualified coaches and mentors trained in Social Work, Counseling and Neuro Linguistic Programming working in key leadership roles within global companies. Participants will learn to create new possibilities by challenging their own thinking while developing personal resources and talents. This workshop has been specifically designed to give young adults opportunities to harness and develop their potential through hands-on learning and experience. All participants will be awarded a certificate of attendance together with specific awards recognising

outstanding achievement and contribution. This is a workshop not to be missed, its your opporunity to fullfil your potential.
